Limits, duration and withdrawal of image consent
The authorisation is free of charge, non-exclusive and limited to the chosen purposes and channels. It does not transfer ownership of the content. For content provided by the participant, authorisation includes only the reproduction and communication rights necessary for the uses described here, insofar as the signatory holds them. Any third-party rights must be obtained separately.
Only cuts, edits, subtitles and technical adaptations that do not alter the meaning of the content or harm dignity, reputation or decorum are permitted. Biometric recognition, training of artificial intelligence systems, voice cloning and synthetic image manipulation are excluded. Use to advertise products other than the Competition requires a separate agreement, as provided in Art.

17.3. This consent does not authorise sharing the athlete profile with clubs, agents and scouts, which requires a separate choice under Art. 18.2, or sending commercial communications. Duration of publication and uses: until 1 year from the end of the Race, unless withdrawn earlier. Unpublished materials erased within 1 year from the end of the Race. Retention of evidence of consent and withdrawals: 1 year from the end of the Race.
On expiry, uses cease and content is removed from channels controlled by the Controller, unless valid renewal is obtained or a separate legal basis exists solely for necessary retention. Online content may be accessed from any country, copied, indexed or shared by third parties. Technical and communications providers may process it on behalf of the Controller; social platforms also operate according to their own terms and notices. Providers, roles and transfers outside the EEA must be described in the notice. This consent is not a general derogation from the safeguards required for international transfers.
Consent may be refused or withdrawn, including for a single channel, without losing registration, Coins, ranking or access to Competition activities. Withdrawal is free, through the App function or by writing to Help@k-fans.com. It must be as easy as giving consent and does not affect the lawfulness of previous uses.

After withdrawal, the Controller stops new uses and removes content from channels under its control without undue delay, involving appointed providers and taking the required measures for copies disseminated to third parties. It cannot guarantee recovery of every copy independently made by third parties, but this limitation does not exclude the statutory obligations of erasure and communication.

I confirm only the selected choices, having read the relevant limits.
