Section B Optional consents and authorisations

This section is independent of section A. Each choice is free, specific and withdrawable. No box is preselected; an empty box does not authorise processing. Refusal or withdrawal does not affect admission, hospitality, prizes, Coins or ranking.

B1 Subject matter and relationship with previous consents

Choices I1-I4 concern collection and use of the finalist's name, image, voice, photographs, videos and short interviews during the Final Event, including the ceremony, awards and any sporting activities specified in the programme. The purpose is to document and report on the K-FANS Global Talent Race 2027 and promote this specific edition.
Materials are collected and selected only for uses actually authorised. Identification documents, private contact details, health data and detailed GPS tracks are excluded. Consents already collected in the App for the previous stage remain documented within their original limits: they are neither extended to the final nor automatically reactivated by this form. Each withdrawal request may specify whether it also concerns previous consents.

B2 Choices for images and content

For each option affirmatively selected, I consent to processing under Art. 6(1)(a) GDPR and authorise use of image and voice within the limits specified here, pursuant to Art. 10 of the Italian Civil Code and Arts. 96 and 97 of Law 633/1941.

Section B Limits and profile sharing

B3 Limits of authorised uses

The authorisation is free of charge and non-exclusive. It covers only reproduction and communication of content necessary for the selected purposes and channels; it does not transfer ownership of materials or third-party rights. For content provided by the participant, any permissions from authors or other people depicted remain to be obtained.
Editing, cutting and subtitling are permitted where they do not alter content meaning or harm reputation or dignity. Voice cloning, synthetic manipulation, biometric recognition and training artificial intelligence systems are excluded. Use for products other than the Competition requires the separate agreement under Art. 17.3; independent marketing by the Promoter or third parties is not authorised.
Deadline for new uses and online availability: until 1 year from the end of the Race, unless withdrawn earlier. Unpublished materials erased within 1 year from the end of the Race. On expiry, content is removed from channels controlled by the Controller, unless valid renewal is obtained; any internal retention for a separate purpose requires an appropriate legal basis and period specified in the notice.
Online materials may be accessed from any country, indexed, copied or shared by third parties. Technical and communications providers process data according to their assigned roles; social platforms also operate according to their own notices. The notice identifies recipients, roles, transfers outside the EEA and applicable safeguards. These choices do not constitute general consent to international transfers lacking the necessary safeguards.

B4 Optional sharing of the athlete profile

Purpose: to allow the identified recipients to assess the sports profile for possible contacts, meetings or football opportunities, without any guarantee of selection. Disclosable data: name, age group, playing position, selected Competition results and statistics, nickname and authorised contact details. Exclude medical certificates, diagnoses, identity documents and detailed GPS tracks.
Authorised recipients: [names of clubs, agents and scouts, country, contact details and reference to their notice, or attached list with version and date]. Exact profile data to be sent: [list or viewable profile sheet]. Deadline for disclosure: [date]. Recipients' retention periods: [specify or refer precisely to the notices provided].
Contact details I authorise to be disclosed to the recipients identified above: [email or telephone].

P1 Disclosure of the profile to the identified recipients

☐ I CONSENT AND AUTHORISE ☐ I DO NOT CONSENT

K-SPORT
SCIENCE TO PERFORM

I consent exclusively to disclosure of the profile described above to the identified recipients, pursuant to Art. 18.2 of the Rules and Art. 6(1)(a) GDPR. This choice is independent of image consents. New recipients or purposes require a new choice; merely meeting at the event does not authorise transmission of the profile.

Recipients acting as independent controllers must provide their own notice and identify a legal basis for subsequent processing. This authorisation does not permit them to advertise, publicly disseminate or indiscriminately transfer the profile.

Section B Withdrawal, rights and separate signature

B5 Withdrawal and rights

Each consent may be withdrawn free of charge and as easily as it was given, through the App [path to be activated] or by writing to help@k-fans.com. One or all choices may be withdrawn, including previous consents if specified. Withdrawal applies to the future and does not render processing lawfully carried out before it unlawful.
The Controller stops new uses and removes materials from channels under its control without undue delay, instructing appointed providers. It also takes the erasure and communication measures required towards third parties. It cannot guarantee recovery of every copy independently obtained by other users or undo a live broadcast already transmitted.
If P1 is withdrawn, further profile disclosures cease. For data already transmitted, the Controller fulfils applicable obligations and facilitates the exercise of rights with recipients; any continued processing by an independent controller must have its own legal basis and cannot automatically derive from withdrawn consent.
The data subject may exercise access, rectification, erasure, restriction, portability and objection in the cases provided by law and lodge a complaint with the competent supervisory authority.
Evidence of choices and withdrawals: retention for 1 year from the end of the Race, with restricted access. The full notice remains the reference for methods, recipients and periods of all processing.

B6 Separate confirmation by the finalist

I confirm only the choices expressly selected in section B, having received the notice [version and date] and read the purposes, recipients, channels, duration and withdrawal procedures. I understand that I may participate in the final even if I refuse all these choices.
